

Flash Health Credit Earnings | Get Paid To Walk

About this campaign

The message we want to deliver

Move. Burn. Earn.

Brief

Show a real moment from your life: your daily morning or afternoon walk or run to stay fit. Just by walking or running, you earn points on the Flash Health app, and you can spend those credits on pharmacy medicine and lab tests.

After action additions

After the run, show the Flash Health app home screen: it remembers your medicine routine and your family's, and reminds you to refill without any hiccups. You can get any medicine from the network of pharmacies connected to Flash Health, with no pharmacy queues, delivered to your doorstep.

Requirements & resources

Format **Vertical 9:16**	Duration **40–60 seconds**	Hook **Spoken or on screen in the first 3 s**
Quality **Min 1080p**	Language **English, Sinhala or Singlish**	Captions **Required, bilingual welcome**

Instagram

Hook ideas

Be creative.

Must show shots

1. Running or walking: your step-counting fitness activity
2. Steps counted and points earned in the app (the app screen)
3. The Flash Health medicine delivery package
4. Finally, the Flash Health home page asking viewers to download the app

Call to action

> *“Download the Flash Health app now.”*

Restrictions

1. Show real step counts and points from your own app. Don’t fake or edit the numbers
2. Don’t promise a points rate or rewards beyond what the app shows
3. No weight-loss, medical or “cure” claims. Keep it about your routine
4. Walk or run somewhere safe: pavements, parks or tracks. Never film while crossing a road
5. Never name or show the label of a prescription medicine in the delivery package
6. Everyone on camera must agree to appear
7. No AI generated content. Face must be visible
8. Tag @flashhealth.sl, mark it as a paid partnership and keep it live for at least 30 days
